

Happy Holidays!

DEAREST FRIEND,

The year is almost over. It's hard to believe, right? In a year full of surprises, confusion, and chaos, Christmas is a welcome breath of fresh air. We love watching the snow pile up outside the office windows, checking out all your holiday sweaters (some more fashionable than others!), and handing out goodies over Vero's 12 Days of Christmas. It brings us more joy than we can express!

Despite all of the challenges associated with 2020, it was still a remarkable year for Vero. Our staff team grew, and we now offer more neurologically-based services than ever. We continue to be incredibly blessed by the relationship we have with each practice member in our office. You make us laugh, encourage us, and challenge us to be the best we can be. We wouldn't be where we are today with you! Thank you for trusting us with your health and stories.

The best is yet to come. We are expectant and EXCITED for all the changes, surprises, and joys 2021 will bring. Until then, Merry Christmas!
